Ington will be the signal for the participation of representatives of the constitutionalists in the mediation proceedings for the composing of internal troubles in Mexico, Mr. Calderon stated while here that he did not represent General Carranza but only the Liberal party. Fant's Grove, June 24. Miss Bessle Collins who has been sick for some-

Miss Blanche Culberson and broth-

Rev. S. P. Phillips preached a good sermon here last Sunday.

These hot days are hard on the lit-

tle plants just coming out of the ground. Mr. W. M. Durham said three years ago his cotton wa just large enough to thin, the first of July, and he made a bale to the acre that fall. He says if cotton is planted at the right time, and come up late, it will make better cotton, than when planted

The people have been descussing the weather for quite awhile, almost everybody agrees that we have all

In old Bible times people were punished for their sin, but when Christ came, he took on himself the sin of-the world, was crucified, buried and rose again, went to Heaven, and tita at God's right hand, making inter-dession for us, and we don't believe he is sitting there with a whip in his hand, ready to inflict a punishment for the sins, he took on himself. But when he steps aside, then we get our punishment. We don't doubt there is more sin in the world today than ev-er before, but the opportunities to do good are equal in proportion to the sin, and if we tried as hard to find them, as we do to locate sin, we would soon overcome evil with good, as we

are commanded to do.

But we believe this drouth has been for our good, if we don't mistake it for just a punishment, and think that God is satisfied-Paul said: For our light affliction, worketh for us, a far more eternal, weight of glory. But it is today like it was when Jesus was here. We think afflictions are caus-

d by sin.

"They ask Jesus, who sinned, this man or his parents, that he was born blind. Jesus said no one sinned, but that the works of God might be made manifest in him." We may sin enough to bring a punishment on us, but it is unlucky for us when we believe the punishment has come, for we get to keeping track of sin so closely. we can almost point out the sin, that caused our neighbor to have a long snell of sickness, or any other afflic-tion that might come to them.

We are prone to look for God in a storm, a drouth, or any had lucks that comes our way. Elliah looked or listened rather for God's voice in the earthquake in the fire, and the wind, but when they all passed, he heard the still small voice." We ought to listen now for those words that have been so conforting to thousands of troubled souls: "The Lord loveth whom he chasteneth."

whom he chasteneth."

When we get to thinking that way.
we wall always he ready to extend
a sympathetic hard to suffering humanity, instead of saving "I, don't
know, is it my duty,"I believe they
sinned."
